## MILFORD FOUNDATION SCHOLARSHIP REGULATIONS

---

### Purpose:

The Milford Foundation scholarship was established in 2022 and aims to reduce inequality in access to tertiary education, by providing financial support to school leavers for whom cost is a barrier. Scholarship recipients also benefit from the Milford Foundation network to support them in their higher education journey and career path. The Milford Foundation has been born out of a desire to make a significant positive impact for our communities, and to help build a stronger New Zealand. Supporting youth and education are key areas of focus for the Milford Foundation. (<https://milfordfoundation.co.nz/scholarships/>)

### Number and Value:

Up to 15 scholarships are offered annually. The scholarship is valued at up to \$10,000 per annum for the minimum time to complete the approved qualification. It is expected scholars will study on a full-time basis. Scholars undertaking a course of study less than a calendar year will have funds allocated on a pro-rata basis.

The scholarship may be used for costs such as fees, living costs and other study related costs. The allocation of the scholarship funds will be determined by discussion between successful candidates and a nominated representative from Milford Foundation Scholarship Selection Committee. The Milford Foundation retains the right to allocate scholarship funds at its sole discretion.

A supporter from the Milford Foundation's network will be assigned to the successful applicant for the term of the scholarship. They will provide guidance, encouragement, and knowledge to help candidates succeed at their tertiary institute and gain experience within different career paths.

### Eligibility:

Applicants must be:

- A New Zealand Citizen, Permanent Resident or holder of a valid refugee visa, and

- Studying towards an entrance qualification appropriate for their chosen course of study, and
- Intending to study at a New Zealand tertiary education provider (University, Te Pūkenga, Wānanga, Private Training Establishment).

The Milford Foundation reserves the right to alter the number of candidates selected from each area, or in total, based on the applications received.

### Selection Criteria:

The selection committee will consider each candidate's:

- Financial barriers to entering tertiary education
- Academic merit

- Demonstrated good character

Note: Preference may be given to candidates wanting to study subjects aligned to commerce and/or finance. However, consideration will also be given to any student wanting to study in an industry or discipline that benefits New Zealand Inc.

The Milford Foundation reserves the right to make any determinations on eligibility or decide not to award one or more of the scholarships in any year. The Milford Foundation may also at its discretion withdraw the scholarship from a scholar should they cease to meet the conditions of the award.

### Selection Committee:

The scholarship is awarded by a Selection Committee normally consisting of:
